he will investigate the causes which have contributed to the accumulation of arrears and take necessary action to secure an urgent improvement in this important direction.

5. In view of the limited resources of the Jahgir and the urgent necessity of improving the irrigation works in the Jahgir, Government have recently sanctioned an advance of Rs. 50,000 towards the Jahgirdar's share of the cost of the works. Government trust that all incomplete and urgent works will be expeditiously executed.

6. The collections under Village Panchayet taxes continued to be unsatisfactory during the year under report as out of the total demand of Rs. 29,501-10-1, only a sum of Rs. 6,051-9-0 including remission was collected, leaving a large balance of Rs. 23,450-1-1 at the end of the year. Necessary steps should be taken to reduce the arrears appreciably.

7. Government have carefully examined the question of improving the financial condition of the Jahgir and besides reducing the expenditure by converting the Jahgir Taluk into a Sub-Taluk and relieving the Jahgir of all liability for the maintenance of Police, have recently approved of the proposal of the Excise Commissioner to give a suitable subvention to compensate for the loss incurred by the Jahgir on account of toddy trees in the Jahgir tapped for the Madras Presidency, thus placing the finances of the Jahgir on a more satisfactory basis than heretofore. But these concessions will be of little avail in developing the resources of the Jahgir unless the normal revenues of the Jahgir are promptly collected and arrears are considerably reduced.

Chief Secretary to Government.
